

Thermilate LIFETIME Warranty

Tech Traders Incorporated (manufacturer) warrants your satisfaction that Thermilate Insulating Additive when added to standard latex house paints* will meet the following standards when applied and cared for according to the paint manufacturers application specifications. This warranty shall be effective for the duration of the paint manufacturers advertised useful service life for their paint. This warranty is made to the original purchaser for the following:

Adhesion: The adhesion, life expectancy, or chemical properties of the paint* to which Thermilate has been applied will not be affected by the addition of Thermilate to the paint.

Durability: The dried paint film resists peeling, blistering, fading and mildew growth as stated by the paint manufacturer.

Coverage: Excellent coverage is assured when applied according to our application specifications and those of the paint manufacturer.

Thermal Resistance: Documented third party testing of the thermal properties of Thermilate Insulating Exterior Paint has proven the insulating benefits of these products. The actual results and benefits will vary for each application due to differences in geographic location, type of construction, exposure, and dwelling usage.

If Thermilate Insulating Paint Additive fails to perform as specified above, Tech Traders Incorporated will at their discretion, either furnish sufficient paint and Thermilate to repair the defective area, or refund the purchase price of the paint and Thermilate upon receipt of proof of purchase and independent verification that the problem be addressed was caused solely by the use or introduction of Thermilate into the homeowners paint.

This warranty excludes labor costs for the application of any paint or incidental or consequential damages. No other warranty is expressed or implied.
